About the Scholarship Funds

VBNK is pleased to announce that we are able to offer a limited number of scholarships which have been made available through the generous support of:

The purpose of these scholarship funds is to enable more Cambodian managers of NGOs to access VBNK training. In particular, the aim is to enable CNGOs who have a proven track record, but as yet no funds for staff training, to send their managers to attend training in management and organisational development.

Please note that all AusAid funded scholarships have already been allocated to participants.

ANZ Royal Bank scholarships remain available.

In addition, VBNK can support organisations that register four full paying participants on an individual course to receive the fifth place on the same course for 50% of the course fee. If the group includes two women, then the fifth place on the same course will be free of charge.
